Location

Google Maps

Description

Mount Fuji (富士山, Fujisan), or Fugaku, located on the island of Honshū, is the highest mountain in Japan, with a summit elev (after Mount Kerinci on the island of Sumatra), and seventh-highest peak of an island on Earth. Mount Fuji is an active strato

The mountain is located about 100 km (62 mi) southwest of Tokyo and is visible from there on clear days. Mount Fuji's excep used as a cultural icon of Japan and it is frequently depicted in art and photography, as well as visited by sightseers, hikers ar

Hiking trails

Trail	Opening period	Remarks
Yoshida trail	July 1 - September 10	The descending trail will remain open until September 11 morning
Subashiri trail		
Gotemba trail		
Fujinomiya trail		

Question 1 : Create a minimalist webpage, containing `<html>`, `<head>` et `<body>` tags. Ensure that your webpage is valid, using the W3C validator.

Question 2 : Set the title of the webpage in the browser's window : "Mount Fuji description".

Question 3 : Insert a first-level title : "Mount Fuji". Change its color to orange.

Question 4 : Insert the image downloaded earlier.

Question 5 : Insert the location section. Google maps should be clickable and point to the Google maps location of Mount Fuji.

**Question 6 :** Insert the description section. The description can be copy-pasted from Wikipedia.

Question 7 : Insert the "hiking trails" section.

Question 8 : Insert the "Table of contents" section. Each bullet point should be clickable and point to the corresponding parts in the page.

Second exercise : movie card

The goal of this exercise is to create a webpage containing details about a movie. This webpage contains a picture of the movie, a user-defined rating, its summary, and a short list of the cast.

Patrick

Your rating

Rating [Rating (/10)] [Submit]

Storyline

When a young nurse begins work at an isolated psychiatric ward, she quickly becomes fascinated with Patrick, a b
fascination quickly takes a sinister turn as Patrick begins to use his psychic powers to manipulate her every move,

Cast

Photo	Name	Nationality	Actions
	Charles Dance	British	[Edit] [Delete]
	Rachel Griffiths	Australian	[Edit] [Delete]
	Sharni Vinson	Australian	[Edit] [Delete]

Question 1 : Create a minimalist webpage, containing `<html>`, `<head>` et `<body>` tags. Ensure that your

webpage is valid, using the W3C validator.

Question 2 : Add a colored title, and the movie picture.

Question 3 : Insert a prompt allowing the user to rate the movie. **Note** : this is just a display of the prompt, nothing is expected to happen on click.

Question 4 : Create the cast list, and buttons to edit and remove the cast.
