UNIVERSITÉ DE BORDEAUX	*Web – 2022-2023* **Exam**	**TP HTML-CSS**

NB : The HTML file should be sent at `florent.grelard[at]u-bordeaux.fr`.

NB : Start by downloading the images from the archive at : `fgrelard.github.io/ens/web/einstein.jpg`. This archive contains the images for the exam.

Creating an HTML page for a resume

The goal of this exercise is to create a webpage of a resume. The resume contains a picture of the applicant, a short bio, previous jobs and education.

Marceau Barnard

Student in Bordeaux

I am a recent graduate student fascinated by new technologies. I first acquired a strong background in biology in Paris. Then I went onto discovering new stuff.

26 years old

13, Quai des Salinières

33800 Bordeaux

Florent Grélard

Question 1 : Create a webpage which looks the same as the one in the figure above.

There are various links in the page.
— The "Bus driver" and "PhD in Biology" links should point to pages describing the jobs :
  nature of activities, duration, location (see figures below)
— The "University of Sydney" and "University of Columbia" links should point to the
  official pages of those universities.
— The "Back to top of page" link should point to the top of the current HTML page.
